Dear Parent,

Your child has been given a list with **20 skills to practice** on IXL this summer. Please help them keep track of their progress by **filling out the assignment tracker** each time they practice. Your child has the freedom to work at his or her own pace, but it is recommended that they practice for **at least 10 minutes each day**.

To get your child started on your home computer, please follow these easy steps:

Log in to IXL: [https://www.ixl.com/signin/sjbss](https://www.ixl.com/signin/sjbss) then enter the child’s username and password.

Once logged in, please go to “Profile and Settings” under your child’s name and update the email address. The email address can be used to retrieve lost passwords and receive updates about the student’s progress.

The progress of a skill can be seen on the main page of each grade level represented by a number in parentheses. Points will be awarded for each skill based on the following progress scale:

- **100 – 85**: 5 points
- **84 – 70**: 4 points
- **69 – 50**: 3 points
- **49 – 30**: 2 points
- **29 – 10**: 1 point

(20 skills @ 5 points possible = 100 Points possible)

Skills: (All 5th Grade skills in IXL)

- C17 Multiply 3 or more numbers up to 2 digits each
- D13 Divide larger numbers by 2-digit numbers
- G12 Convert fractions to decimals
- G19 Put assorted decimals, fractions, and mixed numbers in order
- I8 Multiply 2 decimals
- J3 Division with decimal quotients
- L8 Add fractions with unlike denominators
- L10 Subtract fractions with unlike denominators
- M16 Multiply 2 fractions: word problems
- M24 Multiply a mixed number by a fraction
- N12 Divide fractions and mixed numbers: word problems
- P1 Multi-step word problems
- P3 Guess and check problems
- Y4 Elapsed Time
- W10 Interpret line plots
